

FLAMENCO PASSION

DE LUCÍA A CAMARÓN

Flamenco Passion is a Company that born from the interest of giving diffusion to flamenco art in all its facets, through the history of music, with a nod to Paco de Lucía and Camarón de la Isla, focus on the dance, strength and rhythm.

We will transfer the attendees to another environment with the nuances of the chords of Paco de Lucía, considered the most internationally renowned flamenco guitarist who throughout his artistic career and preserved the roots of flamenco.

As the show is called, 'De Lucía a Camarón' refers to an essential name to understand the 'cante jondo' of the second half of the 20th century, such as Camarón de la Isla, a revolutionary singer who contributed to the reconversion of the genre, although respecting its most genuine essences.

This work is composed of feeling, art and passion that are breathed in each of the chords, with a differential touch in the choreography, worthy of dazzling any lover of this genre.

We represent the original elements of flamenco fusing them with the most current styles such as piano, violin, flute or electric bass.

Show available for Theaters, Auditoriums, Private Events, Corporate, Conferences, Public Entities, Special Events and so on.
